

PLAN SUMMARY

Achievers Plan

Type of Plan: Individual Scholarship Plan

Investment Fund Manager:
Children's Education Funds Inc.

August 24, 2020

CHILDREN'S EDUCATION
FUNDS INC.

This summary tells you some key things about investing in the Achievers Plan. You should read this Plan Summary and the Detailed Plan Disclosure carefully before you decide to invest.

If you change your mind

You have up to 60 days after signing your Contract to withdraw from your Plan and get back all of your money, including sales charges but excluding any insurance premiums and certain applicable fees.

If you (or we) cancel your Plan after 60 days, you'll get back your Contributions, less sales charges, fees and any insurance premiums paid (if applicable). You will lose the Earnings on your money. Your Government Grants will be returned to the applicable governments.

Keep in mind that you pay sales charges up front. If you cancel your Plan in the first few years, you could end up with much less than you put in.

What is the Achievers Plan?

The Achievers Plan is an individual scholarship plan designed to help you save for a child's post-secondary education. When you open your Achievers Plan, we will apply to the Canada Revenue Agency to register the Plan as a Registered Education Savings Plan (RESP). This allows your savings to grow tax-free until the child named as the Beneficiary of the Plan enrolls in Eligible Studies. The Government of Canada and some provincial governments offer Government Grants to help you save even more. To register your Plan as an RESP, we need social insurance numbers for yourself and the child you name in the Plan as the Beneficiary.

In an individual scholarship plan, you are part of a group of investors. Everyone's Contributions are invested together. When the Plan matures, each child in the group shares in the Earnings on that money. Your share of those Earnings, plus your Government Grant money, is paid to your child as Educational Assistance Payments (EAPs). EAPs are paid for Eligible Studies that qualify under the *Income Tax Act* (Canada).

There are two main exceptions. Your child will not receive EAPs, and you could lose your Earnings, Government Grants and Grant Contribution Room, if:

- your child does not enroll in a school or program that qualifies under this Plan, or
- you cancel your Plan before it matures.

If you meet certain conditions, you may keep the Earnings by transferring them to your Registered Retirement Saving Plan (RRSP) or spousal RRSP, a Registered Disability Savings Plan (RDSP) or you can withdraw the Earnings and pay tax on them.

Who is this Plan for?

An individual scholarship plan is for investors planning to save for a child's post-secondary education.

You are eligible to enroll in this Plan if your child is a Canadian resident within the meaning of the *Income Tax Act* (Canada).

This Plan is suitable if you are fairly sure that:

- you want to save for one Beneficiary;
- you are planning for your Beneficiary to attend Eligible Studies;
- you want to be able to change the amount and/or frequency of your Contributions to the Plan;
- you want control over how much to withdraw from your Plan for your Beneficiary's education.

If this doesn't describe you, then this Plan may not be appropriate for you and the Group Option Plan or Self-Initiated Plan offered by Children's Education Funds Inc. may be more suitable for you as these Plans have different conditions and features. See the Plan Summaries for our Group Option Plan and Self-Initiated Option Plan on pages 14 and 36, respectively of the Detailed Plan Disclosure document for more information.

What does the Plan invest in?

The Plan invests net Contributions and Government Grants mainly in fixed income securities, such as government bonds, guaranteed mortgages, cash equivalents, GICs and money market securities. Income may also be invested in corporate bonds and equity securities listed on a Canadian stock exchange. The Plan's investments have some risk. Returns will vary from year to year.

How do I make Contributions?

You choose a Plan Contribution Target for the total amount you intend to contribute to your Plan. You then choose whether to make the Contributions monthly, semi-annually, quarterly, annually or as a one-time lump sum, and the amount of each Contribution, in order to reach your Plan Contribution Target. You can change your Plan Contribution Target, and Plan Contribution Schedule at any time as long as it meets the minimum Contribution amount required for an Achievers Plan. The Achievers Plan requires a minimum investment of \$465 and your Plan Contribution Target must be at least \$465.

What can I expect to receive from the Plan?

In your child's first year of post-secondary education, you are entitled to get back your net Contributions. You can have this money paid to you or directly to your child.

Your beneficiary will be eligible for EAPs from the income and Government Grants in your plan when he or she attends eligible studies. You can request EAPs to be paid in one year or over a few years. For each EAP requested, your child must show proof they are enrolled in a school or program that qualifies under the Plan to get an EAP. Any post-secondary program that would qualify for an EAP under the *Income Tax Act* (Canada) would be considered Eligible Studies under the Plan within the time allowed. EAPs are taxed in the child's hands.

What are the risks?

If you do not meet the terms of the Plan, you could lose some or all of your investment. Your child may not receive all of their EAPs.

You should be aware of four things that could result in a loss:

1. You leave the Plan before the Maturity Date. If you cancel your Plan more than 60 days after your Application Date but before your Beneficiary becomes eligible for his or her EAPs and you are not eligible to receive an Accumulated Income Payment, you will forfeit any Income, Government Grants and Income on Government Grants. The Government Grants will be returned to the applicable government. The Income earned on your Contributions and Government Grants will be paid to a designated educational institution chosen by us.

2. Your Plan Beneficiary fails to qualify for EAPs. You may not be entitled to any Income earned on your investment if your Beneficiary does not qualify to receive EAPs and if you are not eligible to take an AIP. We cannot predict the actual amounts of EAPs, which are impacted by a number of factors including the amount of Income earned on your net Contributions, as this amount may vary from year to year and past performance is not necessarily indicative of what will be earned in the future.

3. Your Plan Beneficiary does not pursue Eligible Studies. For example, part-time studies where the program is either less than three consecutive weeks or less than 12 hours per month is spent on courses will not qualify the Beneficiary for receiving EAPs under this Plan. If your child will not be going to a qualifying school or program under this Plan, you can name another plan Beneficiary, transfer to another RESP or cancel your Plan. Restrictions and fees apply. Some options will result in a loss of Earnings and Government Grants.

4. Your child doesn't complete their program. Your child may lose some or all of their EAPs if they do not complete their program of studies or defer their studies for extended periods.

If any of these situations arise with your Plan, contact us or speak with your dealing representative to better understand your options to reduce your risk of loss.

How much does it cost?

There are costs for joining and participating in the Plan. The following tables show the fees and expenses of the Plan.

Fees you pay

These fees are deducted from the money you put in the Plan. They reduce the amount that gets invested in your Plan, which will reduce the amount available for EAPs. The fees and expenses of this Plan are different than the other Plans we offer.

Fee	What you pay	What the fee is for	Who the fee is paid to
Sales charge*	<p>Will not exceed 9.5% of your Plan Contribution Target,** depending on the age of the beneficiary, as follows:</p> <p>Up to 10 years: 9.5% 10 years: 8.5% 11 years: 7.5% 12 years: 6.5% 13 years: 5.5% 14 years: 4.5% 15 years: 3.5% 16 years: 2.5% 17 years: 1.5%</p> <p>Paid from your Contributions until the total sales charge has been paid</p>	This is for paying commissions to your dealing representative and covering the cost of selling your Plan	Children's Education Funds Inc.
Annual Depository Fee per Plan***	\$12.00**** per plan	This is for processing your Contributions	Children's Education Funds Inc.

* This sales charge may not be increased without Subscriber approval.

** You may be eligible to receive a rebate of a portion of sales charge paid in the event that you choose to reduce your Plan Contribution Target or you elect to cancel or transfer your plan to another RESP before you have reached your Plan Contribution Target.

*** Subject to change. Subscribers will be notified of any such changes.

**** Plus applicable taxes.

Paying off the sales charge

For example, assume that your Plan Contribution Target is \$10,000 on behalf of your newborn child, and you will make 216 monthly contributions. All of your first 20.5 contributions go toward the sales charge until the sales charge is paid off. During this time, 100% of your Contributions will be used to pay the sales charge and 0% will be invested in your Plan.

Fees the Plan pays

You don't pay these fees directly. They're paid from the Plan's Earnings. These fees affect you because they reduce the Plan's returns, which reduces the amount available for EAPs. Other fees apply if you make changes to your Plan. See page 46 of the Detailed Plan Disclosure for details.

Fee	What the Plan pays	What the fee is for	Who the fee is paid to
Annual Administration Fee*	1.00% of all net Contributions, plus Government Grant amounts, together with all Income earned**	Administering your Plan, including record keeping and coordination between depository, trustee and investment advisors	Children's Education Funds Inc.
Independent Review Committee	<p>The proportionate share allocated to the Plans of the annual fees of \$6,000 per member and other Independent Review Committee expenses including insurance coverage, legal fees, travel cost and other reasonable out-of-pocket expenses.</p> <p>For the year ended December 31, 2019, the total fees and expenses related to the Independent Review Committee was \$19,475, which was shared by all the Plans</p>	To cover the services of the Plan's Independent Review Committee	Members of the Independent Review Committee
Board of Directors	The proportionate share allocated to the Plans of the annual fees of \$6,000 per external Board member	Remuneration for Board of Directors	Members of the Board of Directors

* For Subscribers enrolled in Plans prior to October 9, 2012 the Administration Fee will be paid from Subscriber's Contributions.

** Plus applicable taxes.

Are there any guarantees?

We cannot tell you in advance if your child will qualify to receive any payments from the Plan or how much your child will receive. We do not guarantee the amount of any payments or that the payments will cover the full cost of your child's post-secondary education.

Unlike bank accounts or GICs, investments in scholarship plans are not covered by the Canada Deposit Insurance Corporation or any other government deposit insurer.
